

# Evidence and Sources

Every figure in this submission, where it comes from, and how we checked it.

## Figures used in this submission

| CLAIM                                                        | FIGURE                                                                                   | SOURCE AND CHECK                                                                                                                                                                                                                                                                    |
|--------------------------------------------------------------|------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Tourism's direct contribution to the economy, 2022           | N\$14.3 billion; 6.9 percent of gross domestic product of N\$206.2 billion               | Namibia Tourism Satellite Account 2022 (Ministry of Environment, Forestry and Tourism & Namibia Statistics Agency, 2023). Read in the report and confirmed in the United Nations Economic Commission for Africa launch story (United Nations Economic Commission for Africa, 2024). |
| Direct tourism employment, 2022                              | 57,571 jobs; 7.9 percent of total employment                                             | Same report, employment chapter. Read in the report.                                                                                                                                                                                                                                |
| International arrivals, 2025                                 | 1,217,108 (down 3.2 percent on 2024)                                                     | Ministry of Environment, Forestry and Tourism, Tourist Arrivals Statistics Report 2025, as reported by Business Express (2026).                                                                                                                                                     |
| National park visits, 2025                                   | 994,780                                                                                  | Same report and article.                                                                                                                                                                                                                                                            |
| Hotel room occupancy, July 2026                              | 62.63 percent nationally (40,086 of 64,003 rooms); 66.43 percent in the Northern region  | Hospitality Association of Namibia figures as reported by The Brief (2026). Covers properties reporting to the Association.                                                                                                                                                         |
| Legal duty to keep a guest register and file monthly returns | Eleven particulars per guest; monthly returns; non-compliance is an offence              | Regulation 29, Government Notice 139 of 2004, in force 1 November 2004 (Regulations Relating to the Registration of Accommodation Establishments, 2004). Read in the regulation text.                                                                                               |
| Status of the Data Protection Bill                           | No Act yet; January 2026: ready for resubmission to the Cabinet Committee on Legislation | New Era (2026); earlier timeline from the Minister of Information and Communication Technology (Namibia Press Agency, 2025).                                                                                                                                                        |
| Electronic signature regulations                             | Gazetted 19 December 2025                                                                | Government Notice 335 of 2025 (Ministry of Information and Communication Technology, 2025). Read in the Gazette.                                                                                                                                                                    |

| CLAIM                                                  | FIGURE                                                                                                         | SOURCE AND CHECK                                                                                                                                                     |
|--------------------------------------------------------|----------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Namibia Tourism Board digital transformation agreement | Signed 19 September 2025 with MTC                                                                              | TechAfrica News (2025); the Board's Chief Executive Officer on its tourism data management system (Windhoek Observer, 2025).                                         |
| Cloud booking software at Namibian hotels              | Oshakati Country Lodge and Burning Shore Hotel moved to Hotelogix in 2025                                      | Vendor press release (Hotelogix, 2025).                                                                                                                              |
| CiMSO INNkeeper at Namibian lodges                     | Onguma Safari Camps; six Journeys Namibia properties                                                           | Vendor announcements (Marais, 2022, 2023).                                                                                                                           |
| Competitor prices                                      | Vizito about N\$615 to N\$2,050; Envoy Premium about N\$6,300 per location per month                           | Vendor pricing pages read on 29 September 2026 (Envoy, n.d.; Vizito, n.d.), converted at about N\$20.5 per euro and N\$17.5 per United States dollar.                |
| Unit economics and break-even                          | N\$345 variable cost and N\$1,155 contribution per Site; N\$42,000 fixed costs a month; break-even at 37 sites | Management estimates at 30 September 2026, calculated with the break-even method in Dolan (1998). Hosting costs converted at about N\$17.5 per United States dollar. |
| Checkpoint prices                                      | Site N\$1,500; Network N\$4,500 plus N\$950 per extra site; Assure N\$9,500 plus N\$1,500 per extra site       | Our live pricing service and <a href="https://buffrcheckpoint.com/pricing">buffrcheckpoint.com/pricing</a> , checked on 30 September 2026.                           |

## Evidence in hand

- The legal duty to keep a guest register, and what it must contain, from the regulation text itself.
- The problem, first-hand: we grew up at our family's front desk in Ongwediva.
- The software in production: the full billing path (subscription with site count, invoice, invoice PDF and invoice email) ran end to end on 29 September 2026, and automated production checks of the check-in service pass after every release.
- Hotel Etuna in Ongwediva as the first pilot site.
